MEMORANDUM

Jet Air

TO: Joseph A. Ball and David Belin
c/o United States Attorney's Office
Dallas, Texas

FROM: Norman Redlich

I hope that while you are in Dallas you check Oswald's room at 1026 N. Beckley to determine whether curtain rods were sealed and, if they were, whether Oswald and any conversations with either Mrs. Johnson or Mrs. Roberts. I have been reading a document entitled "Oswald, the Impossible Assassin" by a French author who apparently visited Oswald's room and makes quite a point of the need for curtains in that particular room.
